

Already in the first year the demand raised and first rooms are added, with the opening of Route 6 and the bridge that joins Encarnación with Posadas increases movement and demand. Thus going through several stages of high and low growth gradually and rising in the gastronomic and tourist market. Today it has 40 rooms equipped with international standard and certified with the senator quality seal. Gastronomy was always noted for its quality and good service, with a professional and highly trained human team. Always trying to innovate and satisfy customers, we use regional raw material of excellent quality. We also have the certificate of Tourist Quality within the framework of the Good Gastronomic Practices campaign.
